# Hi, I'm Binyam,

I'm a full stack developer (React.js & Node.js) with a focus on creating (and occasionally designing) exceptional digital experiences that are fast, accessible, visually appealing, and responsive. This site showcases my work, achievements, and aspirations. Have a look around!

Addis Ababa, Ethiopia

Available for new projects

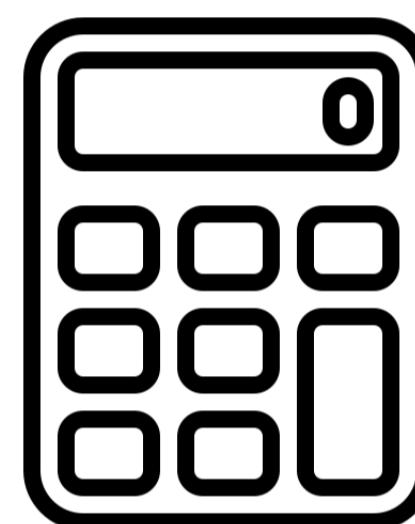

## My Projects

### Weather Tracker

A real-time weather forecasting app that provides accurate data for any location.

### Calculator

An intuitive app that allows users to perform basic mathematical operations.

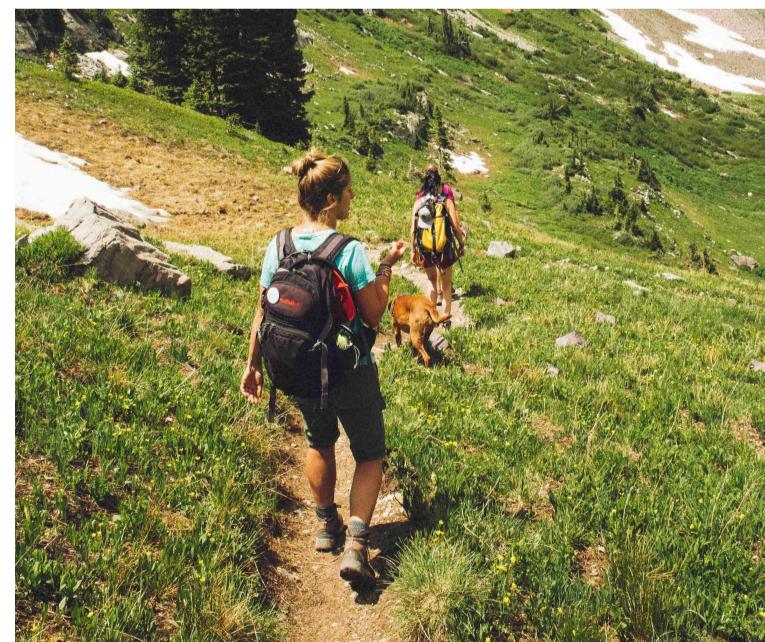

### Task Manager

A productivity app designed to manage daily tasks effectively.

## Interests

[LEARN MORE ABOUT ME](#)

## ABOUT ME

Interested in learning more about me? Here it is:

I am a self-driven software engineer with experience in building scalable and efficient web applications. My journey in tech began with curiosity and has evolved into a career filled with continuous learning and challenges.

I began my journey as a web developer in 2022, and since then, I've continued to grow and evolve as a developer, taking on new challenges and learning the latest technologies along the way. Over the course of my development career, I have worked with cutting-edge technologies such as React, JavaScript, HTML5, and CSS3, alongside frameworks like Bootstrap and Tailwind CSS. I have also gained experience with backend technologies like Node.js and databases such as MongoDB.

I am very much a progressive thinker and enjoy working on products end to end, from ideation all the way to development.

## SKILLS

HTML

C++

MySQL

JAVASCRIPT

CSS

PYTHON

NODE JS

JAVA

REACT

GO

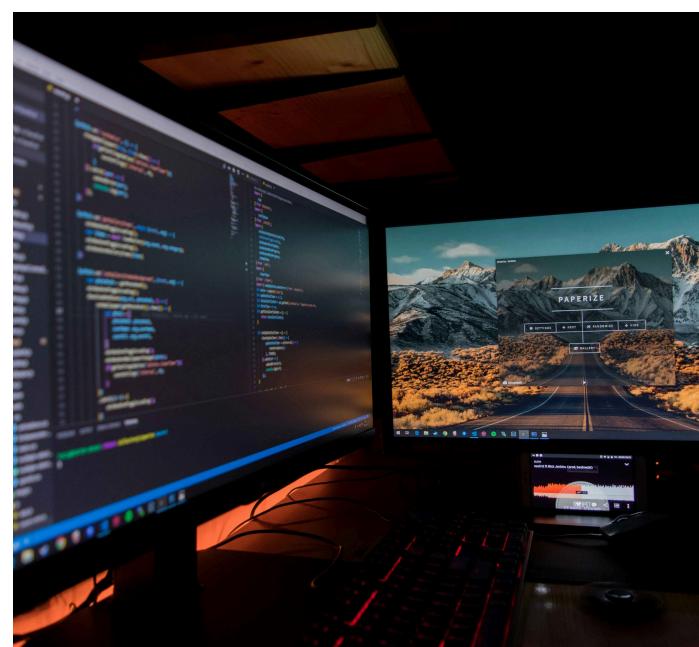

GIT

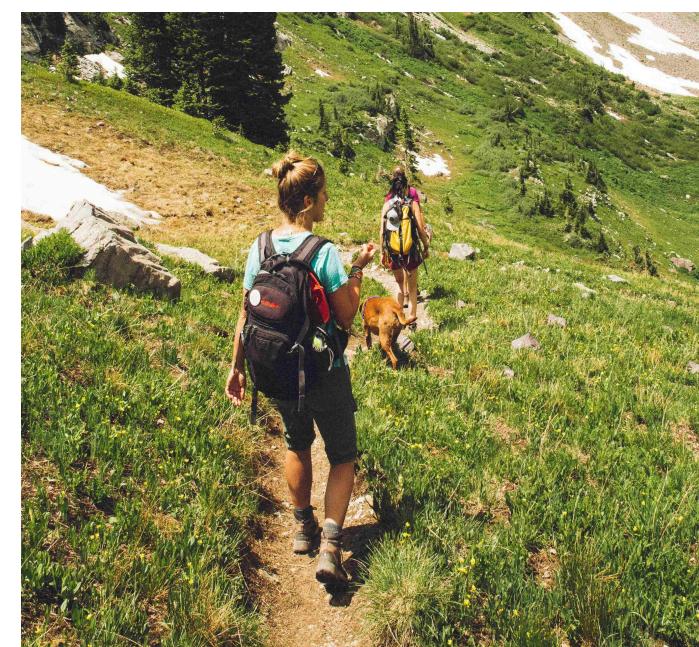

NPM

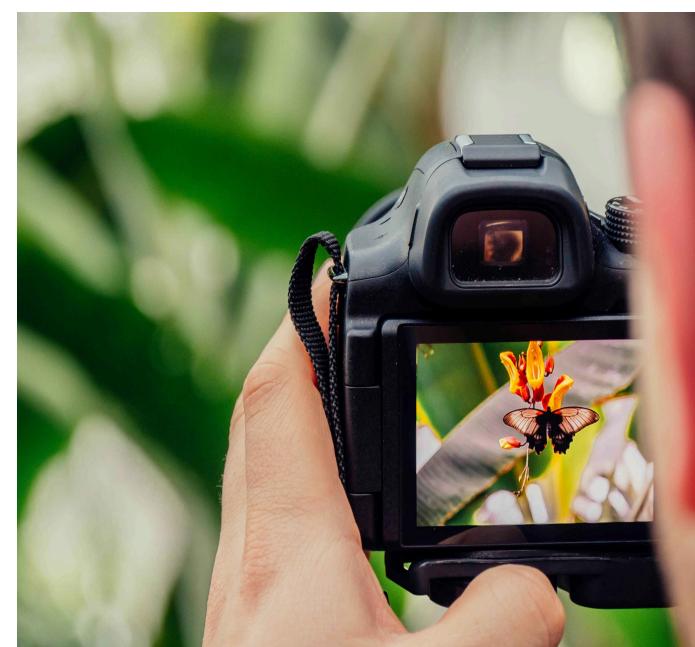

## INTERESTS

Coding

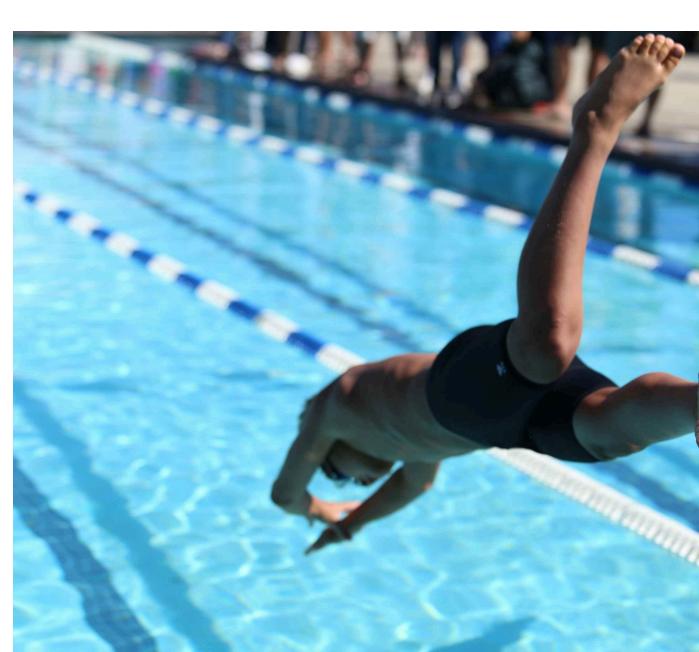

Travel and hiking

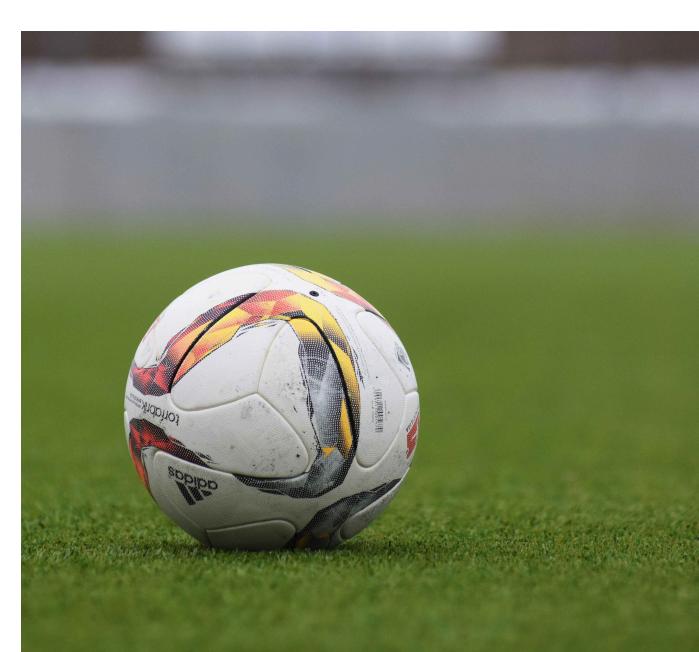

Photography

Martial arts

## EDUCATION

### Hillside School

High School Diploma

Duration: 2018 - 2022

Location: Addis Ababa, Ethiopia

Achievements: Graduated with honors

### Addis Ababa University

Degree: Bachelor of Science in Software Engineering

Duration: 2022 - 2027

Location: Addis Ababa, Ethiopia

Projects: Developed a Portfolio Website showcasing personal projects.

## VOLUNTEER

### Community Engagement and Volunteer Experience

#### Community Clean-Up Initiative

Role: Team Leader

Led weekly clean-ups in local parks, engaging over 50 volunteers.

#### Animal Shelter Volunteer

Role: Caregiver

Assisted in caring for animals and coordinating adoption events to find homes for pets.

#### Food Bank Assistance

Role: Volunteer Coordinator

Managed food drives and distribution, ensuring resources reached over 200 families.

#### Youth Mentorship Program

Role: Mentor

Provided guidance and skill-building workshops to underprivileged youth.

#### Skills gained:

- Leadership & Coordination
- Event Planning
- Communication & Interpersonal Skills

## WORK

### Software Engineer

Company 1

Duration: Jan 2020 - Dec 2022

- Developed scalable web applications
- Collaborated with cross-functional teams
- Enhanced system performance by 30%

### Frontend Developer

Company 2

Duration: Jun 2018 - Dec 2019

- Implemented responsive design
- Optimized loading speed by 25%
- Led UI/UX improvement projects

### Junior Developer

Company 3

Duration: Summer 2018

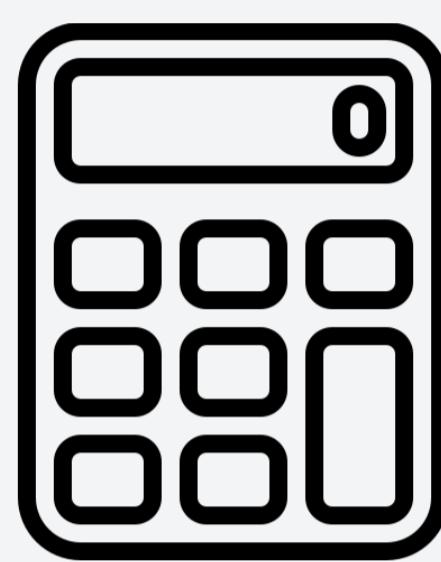

- Assisted in developing mobile applications
- Maintained code quality across projects
- Implemented new features based on client feedback
